

#### Request from the Sarah Read, Regional Tetrathlon Chair

I would like to request from the committee that they consider an application for a Tetrathlon clinic without horses for Westman in Brandon to include shooting at one of the two ranges, swimming at the Sportsplex and running at the oval in July and that we hold a similar Tetrathlon clinic in Eastman at the invitation of one of the clubs perhaps at Bev Moore's with one of her schooling clinics this summer. I would coach the swimming as an ASA advanced teacher and the Sportsplex has a lifeguard on duty at all times and I would hire a running volunteer and the range captain would be present in a safety capacity on the range and again I have a volunteer instructor. I would like to then run a full Tetrathlon either next spring OR this fall if there was sufficient interest.
