

Youth Report
April 21st, 2007

Plans had been in the works to sell our bracelets at winter fair, but those fell through because of licenses our sellers had to have and did not have. Even though, we have 228 bracelets (approx) left. We have decided that in order to get the bracelets all sold we will have to split them up between the clubs to sell. I know a couple of the clubs have already sold some bracelets. I know North Hill has already sold over 100 so we will be hopefully bringing our new bracelets to a local tack shop to sell. Just an idea to other clubs. The bracelets will be sent out in the mail to club's respective youth reps. (Please email me the names, phone numbers and or emails of your club youth rep).

The youth reps had a small meeting at Regional Quiz just to quickly get thoughts and opinions on some ideas. We have decided that we would like to sell some MPC sweatpants. We have found a company in Toronto who sells some very nice sweatpants. We would charge \$25 for a pair, and you would have to pre-order. We would only order as many pairs as needed.

Youth pants (below)

Adult pants (below)

We couldn't get the same pants for youth and adult sizes. The only difference is the youth pants are 80% cotton 20% polyester and the adult pants are 50/50. Embroidered onto the pants would be the MPC logo.

The newsletter is ready to be sent out (waiting on receiving a MPC membership mailing list). Thanks to everyone who contributed and remind your members that we are always looking for more content!)

Once the bracelets are finished up. We are hoping to start up a scratch card fundraiser in May or June. The scratch cards are an excellent fundraiser which will only require 30 members in the province to participate. Selling 30 scratch cards with a 90% profit should make us \$2 700 (each card gives a profit of \$80!!). More to come on this but if you would be willing to do a scratch card. Please get in contact with Leighton or I.
