

Manitoba PPG Report

Lisa Brown

September 2008

- PPG was included in the camp at Portage in July. Bev Moore did a great job ensuring the kids had fun while playing the games. I received many positive comments.
- The focus for PPG continues to be increasing interest and involvement in PPG at the club level.
- A couple of the clubs have advised that they have included PPG in their activities.
- I have also been advised that PPG will be included in some upcoming events as well.
- If anyone is interested in hosting a PPG event please contact me lisabrown@mts.net or call my home at 467-9091 or my cell in the evenings or on weekends at 791-0009.
