

Friendly Breezes Pony Club Annual Report 2006

Friendly Breezes Pony Club was off to a busy year with 12 members. We started by having stable management meetings every 2 weeks. Our riding lessons started in April.

Our PC teamed up with 4-H members this year due to time restrictions, so we could have a visit from the farrier Rick Bailey.

The fundraising committee was busy as usual. This year we had tickets on lobsters that were drawn on Mothers Day. It was a successful fundraiser, we made approx. \$1100.00. Thank-you to Bruce Jack and Wallace Bingley Sr. for their kind donation. We also did grocery packing at Super Store where we made approx. \$250.00.

Starting off our year we attended quiz hosted by Fairwind. The members did very well, and had a wonderful time.

In July we had a fun day for members, parents and family members, the weather did not cooperate, but a fun time was had by everyone.

Our club had a PPG clinic with Jackie Allen. This year our club hosted PPG's. It was an awesome experience for the members as well as parents. Great thanks goes out to Jackie Allen, Kathleen Cormier and Pam Bower for organizing an amazing day for our club and visiting clubs.

In August, we had seven members do written testing with the riding/stablemanagement in October. The members did well in both tests.

A big thank-you goes to our coach Pam Bower for all her time and dedication to Pony Club. We held an information weekend in the fall and a Christmas Party in December.

Debby Pelly, Friendly Breezes DC.
