

## Ball and Cone Race

### Skills Needed:

Placement, pickup and hand off skills.

### Equipment Required:

2 road pylon cones approximately 18" (46 cm.) high  
2 tennis balls

### Race Set Up:

The start and finish line will be the same line at one end of the Arena, with the change over line at the other end. Cones will be placed 15 yards (13.7 m.) from either end. A tennis ball will be placed on the far cone. Riders 1 & 3 start the race behind the Start/Finish line and Riders 2 & 4 start the race behind the Change Over line. Riders 3 & 4 must start the race behind the 6 yard (5.5 m.) line. Give a tennis ball to Rider 1.

### Game Play:

On the signal to start, Rider 1 rides to the first cone and places the ball on it; he/she then rides to the second holder, collects the ball and hands it to Rider 2. Riders 2, 3 & 4 complete the course in similar manner. The winning team is the one whose Rider 4 is first over the finish line carrying the ball.

In the case of cones knocked over or a ball being dropped, General Rules 6 to 10 apply.
