

## Old Mug Race

**Skills Needed:**

Placement, pickup and hand off skills.

**Equipment Required:**

1 (table) Rubbermaid garbage pail with a circular board on the end to create a flat surface.

4 bending poles (posts)

54" (1.4 m.) PVC pipe with metal base. Pole and base may be attached or separate.

\* 5 mugs

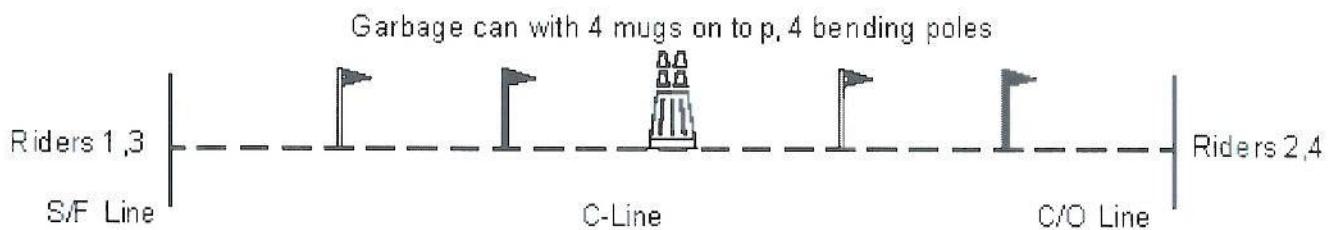

Strong plastic drinking cups or cans.

**Race Set Up:**

The table (upturned garbage pail) will be placed on the centre line, and four bending poles, two set equidistant from each other and the table, on either side of the table. Four mugs shall be placed on the table. Riders 1 & 3 start the race behind the Start/Finish line and Riders 2 & 4 start the race behind the Change Over line. Riders 3 & 4 must start the race behind the 6 yard (5.5 m.) line. Give a mug to Rider 1.

**Game Play:**

On the signal to start Rider 1 will ride to any bending pole, and place his/her mug inverted on the top. He/she will then ride to the table, pick up another mug, and cross the line at the far end of the arena, handing his/her mug to Rider 2. Riders 2, 3 & 4 will complete the course successively, placing their mugs inverted on any unoccupied bending pole, and collecting a mug from the table. The winning team will be the one whose Rider 4 crosses the start/finish line first, carrying a mug.

First rider to have a mug.
