Incoming Regional Officials for 2015

As most Regions now generate all lists by computer, please attach a complete list showing complete mailing addresses including the postal codes and complete telephone numbers including the area codes for all members of the Regional Committee. FAX numbers and particularly email addresses are extremely useful because they can allow nearly instantaneous communication within a Region or across the country. Branches are encouraged to include as many email addresses as possible and to have AT LEAST one name and email address identified as a Regional contact which may be used in general publicity programmes. By accepting the position, a Regional Chair or other member of a Regional Committee is agreeing to allow their name, address, and phone number to be used as a contact for the Region or Discipline with which they are involved.

Your list must include the Executive, all Discipline Chairs and other Committee Chairs, plus all DC's and Youth Reps.

I certify that I have obtained permission from the persons named on the attached list as Executive members to use their names, phone numbers and addresses for publicity purposes.
