THIS PONY CLUB RIDING CENTRE PROGRAM CONTRACT (the "Contract") is entered into effective _____ ["Effective Date"], through December 31, ____ by and between the Canadian Pony Club, a Canadian non-profit corporation (hereinafter referred to as "CPC") and _____ (hereinafter referred to as "Riding Centre") operating at:

WITNESSETH:

WHEREAS, the CPC is a non-profit corporation that provides the opportunity for every child in Canada to have a positive experience with horses, through providing opportunities for education; for the learning of responsibility, sportsmanship and good citizenship; for enjoyment and/or for competitive success with horses.

WHEREAS, the Riding Centre _____ has been approved to provide mounted and un-mounted instruction consistent with the established curriculum of the CPC.

WHEREAS, the CPC and Riding Centre desire to enter into an Agreement whereby the Riding Centre will teach the required curriculum, and be awarded Pony Club Riding Centre status pursuant to the terms and conditions set forth below; and

NOW, THEREFORE, in consideration of the mutual covenants as contained herein, the parties agree as follows:

ARTICLE 1

1 ADMINISTRATIVE SERVICES AND MEMBERSHIP

1.1 Guiding Beliefs

CPC is an educational organization which progressively develops the well-rounded equestrian. The well-rounded equestrian is capable of riding safely and tactfully on the flat, over fences and in the open. Knowledgeable care of horses and ponies (Stable Management) is basic to the well-rounded equestrian; CPC is committed to the wellbeing of the horse; fair and friendly competitions, the development of teamwork and sportsmanship; CPC requires parental and volunteer involvement and support; CPC is committed to safety.

The purpose of the CPC Riding Centre Program is to make the CPC membership and educational curriculum available to all equestrian families. Specifically, it is to allow Canadian Pony Club participation to young people (under the age of 25) who are interested in learning to ride and learn

about the care of horses and ponies and who may or may not have access to suitable horses or ponies or facilities to house their own or leased mounts.

Through the Riding Centre Pony Club Membership, the CPC seeks to expand membership opportunities to all equestrian families, and to promote the principles of CPC to a wider audience throughout Canada through the use of CPC materials on horsemanship. The Pony Club Riding Centre Status will enable equine facilities which serve those who do not own their own horses or ponies to participate in Pony Club activities.

1.2 Riding Centre Formation:

To become a Pony Club Riding Centre, the owner/operator of the facility must fill out the Application for Consideration and return it to the Regional Chair. The short application process will act as a means for CPC to verify that the facility meets the criteria required to provide quality equine training consistent with the CPC curriculum and standards. A minimum of five prospective youth members will be required to start a Canadian Pony Club Riding Centre program.

Upon receipt of the Application for Consideration, the Regional Chair will forward the Application to the designated Area Coordinator, who will be chosen by the Regional Committee. The Area Coordinator or designate will contact the facility to discuss the information on the Application and the viability of the CPC program operating at the facility. If the facility, the Regional Chair and the Area Coordinator (or designate) feel confident that a CPC program would be a suitable fit with the facility, a site visit would be scheduled. At a mutually agreed to time, the Area Coordinator or designate and a designated Riding Centre representative will complete the CPC Riding Centre Checklist and discuss the outcome. Any discrepancies must be corrected in order for the process to continue. Any deviations from this Checklist during the length of the Contract, must be reported as soon as possible and within a reasonable length of time to the Area Coordinator or the Regional Chair. Should the facility be found to be appropriate and have the administrative capacity to teach the required curriculum, the area Coordinator would make a recommendation to the Regional Committee that they recommend to the CPC Board of Directors or Management Committee that CPC Riding Centre status be granted to the facility.

Following a recommendation from the Region to grant recognition, the Region will forward an unsigned one-year contract to the facility for their signature. The contract is to be signed and returned to the Regional Chair, with proof of insurance and the initial fee, who will forward all pertinent information to the National Office. Once the CPC National office receives the properly executed contract and proof of insurance, the facility will be put forth to the CPC Board of Directors or Management Committee for recognition. Upon approval from the Board, a letter approving the facility and authorizing the Riding Centre to begin CPC activities will be sent to the facility.

Membership recruitment for the CPC program may begin after the letter of authorization has been received by the Riding Centre. The Area Coordinator will also schedule follow-up visits for continued program evaluation.

Riding Centres will be listed in the CPC Annual Directory and on the CPC website. The Riding Centre will also receive a certificate to display, and may advertise participation in the CPC Riding Centre Program. At the beginning of each new year, the Centre will be sent a renewal form, which must be filled out and returned to the Regional Chair along with the yearly fee by January 30.

The CPC Area Coordinator or designate will interface with CPC, help with the Riding Centre's start-up, and answer questions the Riding Centre may have about operations. The Area Coordinator will re-visit the Riding Centre periodically and is available for advice and assistance if required.

Riding Centre Pony Club members may visit neighboring CPC Branches as 'visiting' members by invitation and approval of both the Centre Administrator and the DC of the local Branch. If the Riding Centre has indoor activities during the winter, they may be happy to open them to the local Branch members. This would be done in collaboration with the local DC. It is beneficial to both groups if the Riding Centre can develop a relationship with a local club, as examiners can be shared and un-mounted trips to big events or other attractions, etc., can be combined to save costs and allow interaction of the members.

1.3 Riding Centre:

The Riding Centre will also receive a plaque to display, advertising participation in the CPC Riding Centre Program. The plaque remains the property of the CPC, and the Riding Centre's status could be terminated and the plaque collected by the CPC at any time with or without cause.

A CPC Riding Centre will be required to name a Centre Administrator as a person to act as the point of contact for the CPC National Office, Regional Chair and Area Coordinator. The Centre Administrator will provide continuity and give parents and members an on-site person with whom they will work. Ideally, this person should have knowledge of Pony Club activities and requirements, and should be in contact with local Pony Club DC (if applicable), the Regional Chair, and Area Coordinator as required. The Centre Administrator will be responsible for:

- Sending new membership forms as well as membership renewal forms to the CPC Regional Membership Chair, along with a copy of each member's PSO membership card.
- Forwarding the appropriate fees (Regional & National) to the CPC Regional Membership Chair.
- Organizing D – C1 Tests using the C/D Testing Procedures and approved Regional Examiners. If the Centre does not have the expertise or desire to organize a test, they may appeal for help from either the Regional Test Chair or a Branch Test Rep.
- Keeping records of testing and sending these to the CPC Regional Testing Chair.
- Maintaining and distributing information packets for parents and members.
- Coordinating the Riding Centre instructor's attendance at Testing Clinics or Instructors Clinics when offered by the Region.

The Centre Administrator will interface with the CPC designated Area Coordinator and Regional Chair who reports to the National Office.

The CPC Riding Centre Program is meant to be a pay-as-you-go relationship between the riding stable's business and the client (i.e., Pony Club member).

AS a result of this relationship, there is no need for the Riding Centre to have a Pony Club bank account. In addition, the CPC not-for-profit status does not extend to the Riding Centre. Riding Centres will not be allowed to do any fundraising using the Pony Club name in any form (i.e., CPC, Pony Club, Pony Club Riding Centre, CPC Riding Centre, etc.), or indicate that it is for the CPC Riding Centre members. They may participate in or offer fundraising shows and activities organized for and through the Region, provided that these shows must follow all PC rules and procedures.

1.4 Insurance:

The Riding Centres must have the ability to provide proof of insurance with the following minimum conditions:

- Limit of Liability per occurrence \$2,000,000 (minimum)
- Broad Form Property Damage
- Bodily Injury including Participants - Limit per activity \$2,000,000 (minimum)
- Cross Liability
- Non-owned Automobile
- Tenants Legal Liability - Limit \$1,000,000.
- Additional Insureds with respect to Liability arising out of the operations of the named insured are Canadian Pony Club (CPC) and its affiliate Regional and local clubs, CPC Officials, Stewards, Course Designers, Volunteers
- Waiver of subrogation clause against Canadian Pony Club

1.5 Membership:

Clients of the Riding Centre, under 25 years of age, may join The Canadian Pony Club as a CPC Centre member. Clients of the Riding Centre who are over 21 may join as Horsemasters. No person can be an Active Member and a HM Member at the same time.

The approved Riding Centre will give the potential member a CPC Pony Club Centre membership application or HM membership application. This application will be completed and returned to the Riding Centre with the appropriate National and Regional fee. The National fee is established from year to year by the National Board of Directors. The Regional fee is set by the Regional Committee. The Riding Centre will forward the CPC membership form and fee to the Regional Membership Chair.

Canadian Pony Club members must also be members of the Equine PSO in the province in which they reside. Equine PSO's in Canada allow for Pony Club members to purchase and renew provincial memberships early in order to facilitate processing well before the January 1st deadline. A photocopy of the membership card must accompany the CPC application. The membership will be valid when the completed application, fees and PSO Membership card are received at the CPC Regional Level. The Riding Centre membership will run through the end of the calendar year.

Upon receipt of the membership form and fee at the CPC National Office, the individual new member will be sent a packet consisting of:

- Parent's Guide
- Parent's Code of Conduct
- Pony Club Passport
- A welcome letter from the National Chair

The Riding Centre membership will run through December 31st of the year in which the contract is executed, unless earlier terminated at the sole discretion of the CPC. Upon receipt of the membership forms and fees at the CPC office, and once the membership is accepted, the member may participate in Pony Club activities including lessons, camps, competitions, rallies, testings, ratings and organized trips to events or sites of interest in accordance with CPC policies.

Riding Centre Membership is not a vested right and may be withdrawn or denied with or without cause.

1.6 Centre Fees:

Approved Centres will pay an Annual Fee as determined from time to time by the National Board.

1.7 Instruction Rates:

The amount charged for Pony Club lessons will be determined by the Riding Centre.

1.8 Testing:

When joining CPC, all members are unrated and designated as E level. Over time, as their knowledge and skills improve through lessons, they progress through the Canadian Pony Club Education and Testing system.

The traditional Pony Club Tests are taken at D through A levels. The Requirements and test sheets for each level can be found on the CPC Web site in the Documents section. Additional information is available in the CPC Testing Procedures and other materials also available from the web site and Canadian Pony Club Supplies.

Branches and Riding Centres are responsible for organizing testings at the D through C1 levels. Centres must use examiners from the approved Regional Examiner's list and must obey all Regional and National Testing Rules. In some cases, this is done on a Regional basis. Examiners for testing must be

RIDING CENTRE PROGRAM

CONTRACT

drawn from outside the Riding Centre. The Area Coordinator, local Branch DC, Regional Testing Chair or Regional Chair can help identify local examiners.

Testings above the C1 level are facilitated on a Regional basis and should be attended in cooperation with the Region. Clinics to prepare the candidates for the upper testings should also be hosted or attended in cooperation with the Region.

1.9 Activities:

Canadian Pony Club's basic belief in teaching horse care, riding and safety is teamed with a belief that riding should be fun and exciting. This being the case, many Pony Clubs and Riding Centres offer additional activities such as: Badge Program, Camps, Dressage, Eventing, Hunting, PPG (Mounted Games), Polo, Polocrosse, Quiz, Show Jumping, Tetrathlon, and Trail Riding. Exploring additional aspects of riding and horse care is encouraged in education programs. (Reining, Endurance Riding, etc.)

1.10 Competition:

Most Regions hold Regional Championships or Finals in Dressage, Rally (Eventing), PPG, Show Jumping, Tetrathlon and Quiz. Quiz is the only activity that does not require horses.

Many Branches and Riding Centres also host small schooling shows, play days, clinics and practices for the various disciplines. Often, they invite neighbouring Branches or Centres to join them.

1.11 Championships:

National Championships are offered for PPG, Tetrathlon, Quiz, Show Jumping and Dressage. Championships provide talented members a chance to demonstrate their knowledge and skills as they compete with the best from other regions. At the National Level, riders may have to compete on horses and ponies provided by the host Region.

International opportunities are also available in Quiz, Mounted Games, Tetrathlon, and Inter Pacific Rally, with invitationals being offered in Hunting, Dressage and Show Jumping. Again, riders compete on borrowed horses.

1.12 Safety:

A concern for safety is one of the basic principles of CPC. Our guiding belief about safety reaches into every aspect of Pony Club, from our Manuals of Horsemanship sold in the CPC Supply Store to staffing requirements for organized activities.

CPC requires all members, regardless of age, to wear an ASTM/SEI approved safety helmet with a properly fitted harness.

Also, to ensure that CPC members have sufficient personal liability, all CPC members must belong to the Equine PSO where they live.

The CPC Risk Management Committee is responsible for promoting and overseeing safe practices for riding and working with horses. In addition, members of the Risk Management Committee are charged

with educating both members and their parents in accident avoidance. The National Office keeps track of all falls associated with CPC activities.

For additional information about CPC safety requirements, contact the National Office at info@canadianponyclub.org or visit our web site to download specific documents.
