As part of the annual renewal of our insurance, please fill out the attached document and return all information to your Regional Chair no later than **December 31st**.

Please refer to the CPC Insurance Kit on the CPC Web site to understand what activities are covered and which are not. Consult with your Regional Chair if you have any questions about activities. It is extremely important for each Branch to send in minutes from their meetings to the Regional Chair / Secretary outlining the activities being performed. This allows us to make sure that only sanctioned events are being provided for our members.
